

COMPANY PROFILE

We are a strategic partner in powering businesses, industries, and communities. Our focus on quality, reliability, and transformation ensures we remain at the forefront of South Africa's coal and energy landscape.

About Us

Seodi Coal is a proudly South African energy solutions provider specializing in the supply, trading, and beneficiation of coal. Founded with a vision to address gaps in the coal supply chain, we have grown into a trusted name in the local and regional energy sector.

For over a decade, we have provided reliable coal solutions to industries, municipalities, and commercial enterprises. By combining technical expertise, a customer-focused approach, and sustainable practices, Seodi Coal supports South Africa's energy security and contributes to economic transformation through Broad-Based Black Economic Empowerment (B-BBEE).

Our reputation rests on consistent product quality, efficient delivery, and a dedication to excellence at every stage of the value chain.

1 Vision

To become a fully-fledged and respected Coal Preparation Plant (CCP) operator in South Africa, delivering world-class coal solutions and advancing meaningful participation of historically disadvantaged communities in the energy sector.

2 Mission

To provide premium-quality coal products and professional services to the domestic and regional markets, ensuring cost-effective, efficient, and responsible energy solutions.

Our Core Values

1 Excellence

Delivering superior products and services with a focus on quality and safety.

2 Integrity

Conducting business ethically, transparently, and responsibly.

3 Innovation

Leveraging technology and expertise to optimize coal beneficiation and logistics.

4 Empowerment

Driving transformation by supporting B-BBEE and community development initiatives.

5 Customer Focus

Offering personalized, responsive service to meet unique client requirements.

Products & Services

Seodi Coal offers a complete suite of coal-related solutions, designed to support clients in achieving consistent, cost-effective, and reliable energy supply:

1. Coal Supply & Trading

We supply high-quality, washed and unwashed coal to power producers, manufacturing plants, foundries, cement producers, and other energy-intensive industries. Our coal products are available in a variety of grades and sizes, including:

- Thermal coal for electricity generation and boilers.
- Sized coal for industrial furnaces and kilns.
- Fine coal and slurry for specialized applications.
- Blended products customized to meet client specifications.

Through our trading operations, we source and deliver coal across South Africa and into neighboring markets, ensuring clients enjoy consistent supply and competitive pricing.

2. Coal Beneficiation & Preparation

As part of our strategy to add value, we focus on beneficiation and preparation processes that enhance coal quality and optimize its performance. Services include:

- Screening, crushing, and washing to meet size and ash content requirements.
- Quality control and sampling to guarantee compliance with customer standards.
- Blending solutions to achieve the desired calorific value and moisture content.

3. Logistics & Supply Chain Management

Seodi Coal manages the entire delivery process to guarantee seamless, on-time supply. Our logistics capabilities include:

- Coordination of truck transport for bulk coal deliveries.
- Secure stockpiling and loading facilities.
- End-to-end supply chain visibility and tracking.
- Flexible delivery schedules aligned with client production needs.

4. Advisory & Market Development

With deep industry expertise, we provide guidance on coal sourcing strategies, supply agreements, and market opportunities. We help our clients manage procurement risks, optimize costs, and secure sustainable supply.

Experience & Expertise

With more than 10 years of professional service, Seodi Coal has developed extensive knowledge of coal markets, beneficiation techniques, and distribution systems. Our technical team ensures that every batch meets the highest standards, while our operational staff deliver a responsive and efficient customer experience.

Commitment to Transformation & Sustainability

As a B-BBEE-focused organization, Seodi Coal is committed to fostering inclusive participation within the energy value chain. We also recognize the importance of environmental responsibility and implement practices that minimize waste, encourage resource efficiency, and support South Africa's transition to a balanced energy mix.
